

REPORT ON OCCUPATIONAL HEALTH, SAFETY AND INDUSTRIAL SAFETY MATTERS OF JSC NC KAZMUNAYGAS APRIL 2026

- 6–10 April, a comprehensive inspection of the facilities of Embamunaigas JSC was conducted in the area of industrial safety and occupational health and safety.
- 7 April, a fire evacuation drill was conducted at the shift camp of an Embamunaigas JSC field with the participation of representatives of the Corporate Centre of JSC NC KazMunayGas.
- 7 and 24 April, emergency response drills were conducted at Zhylyoimunaigas OGPD of Embamunaigas JSC and Kazakhstan Petrochemical Industries Inc. LLP, focusing on response actions to mitigate and eliminate the consequences of potential explosions, accidents and fires.
- 15–24 April, participation was ensured in an audit of the reliability and technical condition of equipment at Atyrau Refinery LLP.
- 21 April, a meeting on preparedness for the 2026 fire hazardous season across the JSC NC KazMunayGas group of companies was held with the heads of industrial safety and occupational health and safety departments of subsidiaries and affiliates.
- 23–24 and 28–30 April, crisis management seminars and meetings were held at Atyrau Refinery LLP, the Western Branch of KazTransOil JSC, Kazakhstan Petrochemical Industries Inc. LLP, Karazhanbasmunai JSC and the Karazhanbas field, Mangistaumunaigas JSC and the Kalamkas and Zhetybai fields, and the Eastern Branch of KazTransOil JSC.
- 28 April, as part of the World Day for Safety and Health at Work, an interactive exhibition was held at the KazMunayGas Corporate Centre, featuring VR scenarios, first aid master classes, and practical zones dedicated to occupational health and safety and safety culture.
- To promote awareness among employees of the KMG group, informational leaflets were distributed on the following five topics «Preliminary Control of Work Permits», «Work in Confined Spaces: Ventilation and Access», «Collective Protective Equipment», «Preparation of Gas Detectors for the Turnaround Period». Three safety alerts («Flash Reports») were issued regarding incidents that occurred at «OzenMunayService» LLP and «KazTransOil» JSC (2).

INCIDENTS IN APRIL: 3 LTI

● catastrophic ● major ● minor
